2021/2478/P	Eliza Caird	14/07/2021 15:14:31	AMEND	I own the upstairs flat at 18B and the only objection I have with this build is the glass ceilings as it would prohibit my flat from having the opportunity to apply for planning for a roof terrace on top of the new section they are building. Would be a waste of an opportunity for outdoor space for others living in the building. Thanks, Eliza Caird
