The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location Plan Rev 0001; Site Location Plan Rev 0001; Site Plan Existing Rev 001; Ground Floor Plan Existing Rev 002; First Floor Plan Existing Rev 002; Second Floor Plan Existing Rev 002; Front Elevation Existing Rev 001; Rear Elevation Existing Rev 001; Left Elevation Existing Rev 001; Right Elevation Existing Rev 001; MJ/GG/002; Site Plan Proposed Rev 002; Ground Floor Plan Proposed Rev 003; First Floor Plan Proposed Rev 003; Second Floor Plan Proposed Rev 003; Front Elevation Proposed Rev 004; Rear Elevation Proposed Rev 002; Left Elevation Proposed Rev 003; Right Elevation Proposed Rev 002; Front Boundary Existing & Proposed Rev 001; Side Boundary Existing & Proposed Rev 001; New Front Gate Proposed Rev 001; Shed Detail Rev 002; Typical Sash Window Detail Rev 001; Window Schedule Rev 002; Window Schedule 2 Rev 002; Balanced Vertical Slider Reveal Fix Rev: 1; Design & Access Statement including a Heritage Statement Rev: Final - Revision 3 (24/06/21);

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The application building is a grade II listed detached house dating from 1894-95 by Horace Field. It is two storeys in height with a tiled roof and is set back in a garden from the street frontage. It was only listed on 2003 so as a consequence has undergone a number of changes which pre-date listing controls. Gainsborough Gardens is a contained development of 14 detached and semi detached houses located around a central private garden. All of the buildings are grade II listed and it is located in Hampstead Conservation Area.

The proposed works are mostly for the refurbishment of the property rather than for significant alterations to the fabric of the building.

Where windows have been previously replaced with double glazing these are

to be replaced like for like, however any original single glazed windows will be refurbished, draft proofed and internal secondary glazing fitted. The secondary glazing will be reversible and will not damage any fabric of note.

Existing external lighting will be replaced, CCTV cameras fixed and new bathroom ventilation installed to the façade. The locations of these have been carefully chosen to minimise the visual impact or are on parts of the building which are modern.

To the south of the building a small outbuilding will be erected which will be in the corner of the garden. This will have the appearance of a small shed and will be invisible to public views. It will not extend above the height of the fence and trellis to the adjoining gardens and will therefore not impact on neighbouring amenity.

A holly bush will be replaced on the boundary with 13 Gainsborough Gardens. The bush itself contributes little to the conservation area and will be replaced with a mature hedge which will match the boundary treatment to the street. This will maintain the verdant character of the area.

The proposed works will preserve the special interest of the listed building.

No objections have been received. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with Policies D1 and D2 of the Camden Local Plan 2017 and Policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018. The proposed development also accords with the policies of the London Plan 2021 and National Planning Policy Framework.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
