

Subject: 2021/2446/P Re. Basement Floor, 368-370 Cascades Apartments Finchley Rd NW3 3AJ

Dear Ms Henry :

I tried to express my views in the Camden website for Camden Building App. But unfortunately this is not working .

I live in Prospect Rd which is an off Street on Finchley Rd.

At the moment it is very difficult to get into Finchley Rd either right or left because vans are parking on a double yellow line as they are “quickly” loading building material from Leyland or Screwfix or buying quickly a coffee from Costa .

I completely object to this application as motorbikes parking outside the shop will add more traffic to an already busy road , not to mention the deliveries scheduled from 7am to 11pm. using motorbikes which contaminate the environment even more than cars.

This area is between very busy roads like Finchley Rd, Hendon Way , and Cricklewood Lane .

The bus stop that is few meters away from it is quite busy in the mornings with children going to school and other people that use the bus to get to the nearest tube station .

I would strongly suggest to reconsider this application and would appreciate it if you could keep me posted .

Kindest regards,
Silvia Salazar
