

General notes:

All dimensions are approximate and subject to a full measured survey All drawings to be read in conjunction with Structural Engineers and Services Engineers drawings. Any discrepancies are to be highlighted and brought to the attention of the Architects.

Health and safety notes:

Manual handling Avoid as far as reasonably practicable hazardous handling operations, including heavy lifting loads and working over shoulder height.

Confined space / Working at height Safe access to be provided when working at height. Be aware of restrictions placed on movement when working with temporary access equipment.

Temporary propping Care to be taken when fixing vertical elements to allow for secure fixing when

Personal protective equipment Appropriate equipment to be worn at all times while on site.
