These are small houses for growing families, especially as home schooling and home working are now facts of life for so many of us. Every time a family moves out of the neighbourhood, it is felt by the community. With an extra room in the loft, they would be able to stay.</p> <p>This looks to be a very sensitive proposal. From the plans it would not be visible from the street, so there would be no negative impact on the streetscape, which in any case incorporates a variety of architectural styles.</p>
