Hasan,

Further to your recent correspondence, please find attached a copy of our tender for the Ground Investigation at 279 Westend Lane, London as detailed in your enquiry. Should you require further information on our proposal or wish to discuss our tender in more detail, please do not hesitate to contact the Geotechnical Engineer, Max Lindsay on [redacted]

Not only does Van Elle offer the most comprehensive portfolio of quality ground engineering products in the UK, but we also have the newest fleet of specialist rigs of any company operating in our sector and have developed some of the most innovative products and techniques available. As a result, we are a multi-award winning contractor, leading the industry in terms of efficiency, reliability, capability and growth.

Our recent investments include multiple CFA rigs, rotary rigs and restricted access drilling rigs. For use across the UK's rail network, we have also recently invested in state-of-the-art specialist on-track plant including Colmar FS10,000T RRVs, Movax side-grip vibrating pile hammers, BSP accelerated impact hammers, Movax TAD30s soil drills and the unique Elemex rotary percussive drill system to cater for particularly difficult ground conditions.

We offer a complete one-stop ground engineering service including:

- Ground Investigation
- Open Site Piling
- Restricted Access Piling
- Drilling & Grouting
- Soil Nails & Ground Anchors
- Smartfoot® Precast Modular Foundations
- Specialist Rail Piling & Embankment Stabilisation Services
- Smartbase® Precast Modular OLE, Gantry and Signal Foundations

With an extremely experienced and capable in-house geotechnical design team, we are able to provide industry leading value-engineered solutions for projects of all sizes, complexities and across all sectors.

For further information on our recent investments, project case studies, rig data sheets, product movies and company news, please visit our website, [www.van-elle.co.uk](http://www.van-elle.co.uk). Alternatively, give us a call on 01773 580580 and ask to speak to Carol Perez or Mark Williams to arrange a CPD certified presentation at your office.

Yours faithfully,

**Max Lindsay**

Many Thanks Mr Hasan

For me Mr Mehmet builder has brought you in and it would be his or your decision as he points the fingers at you for the delays , I have to speak to you.

if you could pls let me know the next date and confirmation from who ever is doing the job. Even with the email below I still cant find who is doing the job of piling. FOR ME THE PRIORITY IS THE JOB TO BE DONE REGARDLESS.

Regards

Sachin
