I would like to object to the above application.

- 1 There is no social history in the scene or otherwise.
- 2 The proposed height of the building is too high.
- 3 If it is built to cast shadows on the road it will be a nuisance.
- 4 We are already over-paved for other space.

5. And for a new built with a blank canvas, the purpose is of pure visual exposure to the eye.

6. It would seem to develop lines they even do as they wish.

7. We have had NO comments or been asked an opinion from Lab techs
