2021/3453/P	Agnieszka Greet	21/07/2021 08:00:42	OBJ	<p>The beer garden is not just a food garden, since they had opened we leave next to Wembley station, the noise from garden is extremely loud, there are live event almost every night, when football was on we couldn't sleep till 11pm, now this is over we get bingo drag nights with women shouting via microphone plus use improper language. Sundays we get live loud music from 11am till 8 pm. Venue is located 50 meters from my home, from my home windows I can see tables, tv screens, stage. My small kids 4 and 6 years old need to sleep with the pillows on the heads, my husband gets up to work at 4am with the noise from venue he now gets only 4h asleep, I'm a working mum and when I get home every day from work I do not come to relax only to a very noise evening. we had tried to talk to managers but response are not there, when football was on the answer was that it will finish at 11 and soon you and your kids can go sleep: football is only for one more hour; also manager gave out the mobile number to residents to call if there's any issue, when I called few times that number I had been ask why am I using this number as it is one of the staff bar personal phone... on the day when there's no music we still can hear loud shouting, singing and laughing from people who have a parties inside, the bar is far too closed to our windows; our car parking fences is next to venue. It is a nightmare to leave in here now, we are prisoners in our own homes, it affects all of us, our well-being, my whole family is extremely tired as we don't get proper rest and peace now. my children had starting have a problem to wake up to school because of the loud noise, even with double glazing windows we can hear very loud chattering noise inside the bedroom not too mention when the music or bingo night its on, my friends who leave in grafton road and near Kentish Town animal farm said that they could hear the noise from football nights in the houses, you can only imagine how we were affected then, I am asking to revoke the planning and license of the beer garden ASAP. I am inviting you to come to my flat and see for yourself what is happening here!! for any videos or txt exchanges with manager Ben of the venue please contact me on [REDACTED] myself and neighbourhoods had contacted local councillors Mark Boyland and MP Kier Starmer, planning, licences and noise team, please reach out to your Camden teams for documentation.</p>
