in building out the Development at any time when the requirements of the Detailed Basement Construction Plan are not being complied with and in the event of non-compliance with this sub-clause the Owner shall upon notice from the Council forthwith take any steps required to remedy such non-compliance.

- 4.10.5 Not to Occupy or permit Occupation of the Development until a satisfactory post-completion review has been submitted to and approved by the Council in writing by way of certification by a suitably qualified engineer from a recognised relevant professional body confirming that the measures incorporated in the Detailed Basement Construction Plan as approved by the Council have been incorporated into the Development.
- 4.10.6 Following the Occupation Date the Owner shall not Occupy or permit Occupation of any part of the Development at any time when the Development is not being managed in strict accordance with the Detailed Basement Construction Plan as approved by the Council and in the event of any breach shall forthwith take any steps required to remedy such non-compliance.

#### **4.11 EMPLOYMENT AND TRAINING CONTRIBUTION**

- 4.11.1 On or prior to the Demolition Implementation Date to pay to the Council the Employment and Training Contribution in full.
- 4.11.2 Not to Demolish or to permit Demolition until such time as the Council has received the Employment and Training Contribution in full.

#### **4.12 EMPLOYMENT AND TRAINING PLAN**

- 4.12.1 Prior to the Demolition Implementation Date to submit to the Council for approval the Employment and Training Plan.
- 4.12.2 Not to Demolish nor permit Demolition until such time as the Council has approved the Employment and Training Plan as demonstrated by written notice to that effect.
- 4.12.3 To ensure that throughout the Construction Phase the Development shall not be carried out otherwise than in strict accordance with the requirements of the Employment and Training Plan and not to permit the carrying out of any works comprised in demolition or building out the Development at any time when the

requirements of the Employment and Training Plan are not being complied with and in the event of non-compliance with this sub-clause the Owner shall forthwith take any steps required to remedy such non-compliance.

4.12.4 Following the Occupation Date the Owner shall not Occupy or permit Occupation of any part of the Development at any time when the Development is not being managed in strict accordance with the Employment and Training Plan as approved by the Council from time to time and shall not Occupy or permit Occupation of the Development otherwise than in strict accordance with the requirements of the Employment and Training Plan.

- 5.8 Where the agreement, approval, consent, confirmation, comment or expression of satisfaction is required by either Party under the terms of this Deed such agreement, approval, consent, confirmation, comment or expression of satisfaction shall not be unreasonably withheld or delayed and shall be given in writing on behalf of the Owner or of the Council by the Planning Obligations Monitoring Officer unless otherwise specifically provided for in this Deed.
- 5.9 All consideration given in accordance with the terms of this Agreement shall be exclusive of any value added tax properly payable in respect thereof and all parties other than the Council shall pay and indemnify the Council against any such value added tax properly payable on any sums paid to the Council under this Agreement upon presentation of an appropriate value added tax invoice addressed to the Owner.
- 5.10 Any sums referred to in this Agreement as payable or to be applied by any party other than the Council under this Agreement shall be paid or applied TOGETHER WITH if such payment or application is made more than three months from the date of this Agreement a further sum ("A") being equal to the original sum payable ("B") multiplied by a figure being a fraction of which the All Items of Retail Prices ("the AIIRP") figure last published by the Office for National Statistics at the date hereof is the denominator ("X") and the last AIIRP figure published before the date such payment or application is made ("Y") less the last published AIIRP figure at the date hereof ("X") is the numerator so that

$$A = \frac{B}{X} \times (Y - X)$$

- 5.11 All costs and expenses payable to the Council under this Agreement shall bear interest at the rate of 4% above the Base Rate of the National Westminster Bank plc from time to time being charged from the date such payment is due until payment is made.

6. **IT IS HEREBY AGREED AND DECLARED** by the Parties hereto that:-

- 6.1 The provisions of Section 196 of the Law of Property Act 1925 (as amended) shall apply to any notice or approval or agreement to be served under or in connection with this Agreement and any such notice or approval shall be in writing and shall specifically refer to the name, date and Parties to the Agreement and shall cite the clause of the Agreement to which it relates and in the case of notice to the Council shall be addressed to the London Borough of Camden, Planning Obligations Officer, Placeshaping Service, Urban Design and Development Team, 2<sup>nd</sup> Floor, 5 Pancras Square, London, N1C 4AJ and sent to planning obligations on [PlanningObligations@camden.gov.uk](mailto:PlanningObligations@camden.gov.uk) quoting the planning reference number 2020/2470/P and in the case of any notice or approval or agreement from the Council this shall be signed by a representative of the Council's Environment Department.
- 6.2 This Agreement shall be registered by the Council as a Local Land Charge.
- 6.3 The Owner agrees to pay the Council its proper and reasonable legal costs incurred in preparing this Agreement on or prior to the date of completion of the Agreement.
- 6.4 The Owner hereby covenants with the Council that it will within 28 days from the date hereof apply to the Chief Land Registrar of the Land Registry to register this Agreement in the Charges Register of the title to the Property and will furnish the Council forthwith with official copies of such title to show the entry of this Agreement in the Charges Register of the title to the Property.
- 6.5 Nothing contained or implied in this Agreement shall prejudice or affect the Council's powers to enforce any specific obligation term or condition nor shall anything contained or implied herein prejudice or affect any provisions, rights, powers, duties and obligations of the Council in the exercise of its functions as Local Planning Authority for the purposes of the Act or as a local authority generally and its rights, powers, duties and obligations under all public and private statutes, bye laws and regulations may be as fully and effectually exercised as if the Council were not a party to this Agreement.
- 6.6 Neither the Owner nor their successors in title nor any person deriving title from them shall be bound by the obligations in this Agreement in respect of any period during

which it no longer has an interest in the Property but without prejudice to liability for any breach committed prior to the time it disposed of its interest.

- 6.7 For the avoidance of doubt the provisions of this Agreement (other than those contained in this sub-clause) shall not have any effect until this Agreement has been dated.
- 6.8 If the Planning Permission is quashed or revoked or otherwise withdrawn or expires before effluxion of time for the commencement of Development this Agreement shall forthwith determine and cease to have effect.

#### **MORTGAGEE EXEMPTION**

- 6.9 Subject to the provisions of paragraph (i) – (iii) below the restrictions contained in Clause 4.1 hereof shall not be binding upon a mortgagee or chargee ("the Chargee") of the Registered Provider of the Affordable Housing Units nor any receiver appointed by such Chargee or on any person deriving title from such Chargee in possession PROVIDED that the following conditions have been satisfied:-
  - i) In the event of the Registered Provider entering into liquidation or having a receiver or administrative receiver appointed or such steps are taken or legal proceedings are initiated for its winding up or defaults on any other terms of the mortgage or charge so that the Chargee exercises its power of sale then any Chargee of the Affordable Housing Units or any such receiver or administrative receiver shall give notice in writing to the Council of its intention to dispose ("the Default Notice").
  - ii) In the event of receipt of a Default Notice the Council shall be at liberty for a period of three calendar months from receipt of the Default Notice ("the Specified Period") to arrange for another Registered Provider to take the transfer of the Affordable Housing Units for a consideration not less than the amount due and outstanding under the terms of the relevant security documentation including all accrued principal monies, interest and costs and expenses; and
  - iii) If the Council having failed to arrange another Registered Provider to take a transfer of the Affordable Housing Units within the Specified Period then should the Chargee or any such receiver or administrative receiver take possession of the

Affordable Housing Units as appropriate otherwise enforce its security on relation to the same at any time thereafter then the Specified Period shall be deemed to have elapsed and the obligations of any Chargee and the terms of this Agreement shall be determined in relation to the Affordable Housing Units and shall cease to bind the Affordable Housing Units and any person claiming title from a Chargee, receiver or administrative receiver who has obtained title to the Affordable Housing Units after the procedure set out in this sub Clause has been followed shall not be bound by the restrictions contained in Clause 4.1 hereof as will any person deriving title therefrom ALWAYS PROVIDED that the relevant Chargee shall use all reasonable endeavours to assist the Council in arranging a transfer of the Affordable Housing Units and will not hinder or obstruct the transfer, with a view to ensuring the Affordable Housing Units remain units of Affordable Housing.

**THE FIRST SCHEDULE**  
**Pro Forma**  
**Construction Management Plan**

The Council has produced a pro-forma Construction Management Plan that can be used to prepare and submit a Construction Management Plan to meet technical highway and environmental health requirements. This document should be prepared, submitted and receive approval from the Council well in advance of works starting.

The pro-forma Construction Management Plan can be found on the Council's website at:-

<https://beta.camden.gov.uk/web/guest/construction-management-plans>

Please use the Minimum Requirements (also available at the link above) as guidance for what is required in the CMP and then download the Construction Management Plan

**It should be noted that any agreed Construction Management Plan does not prejudice further agreement that may be required for things such as road closures or hoarding licences**

## THE SECOND SCHEDULE THE TRAVEL PLAN

### PART I: Components of the Travel Plan

The Travel Plan will be a basis for promoting sustainable travel to and from the Property.

The National Planning Policy Framework states that... "*All developments which generate significant amounts of movement should be required to provide a Travel Plan.*"

For further advice on developing a Travel Plan see the Transport for London's travel plan guidance website:

<http://www.tfl.gov.uk/info-for/urban-planning-and-construction/travel-plans>

The Owner will implement the Travel Plan where appropriate in partnership with the Council and/or with public transport operators.

**In drawing up the Travel Plan ("the Plan) the Owner shall ensure that provisions relating to the following matters are contained within the Plan:-**

#### **1. Public Transport and walking**

- a. Review the public transport needs of occupiers and visitors and consider potential park and ride type services or shuttle-type services for occupiers, or suggest further enhancements to the scheduled London Bus network
- b. Provide in-house public transport information and ensure that this is regularly updated (both Transport for London and National Rail travel information is available from their respective websites: [www.tfl.gov.uk/](http://www.tfl.gov.uk/) [www.nationalrail.co.uk/](http://www.nationalrail.co.uk/))
- c. Consider provision of interest-free annual season ticket/travelcard loans for travel on buses, the underground, trains and trams for any commercial occupiers of the Development
- d. Encourage walking through the provision of information on the best pedestrian routes to and from the Property for occupiers and visitors

#### **2. Taxis and Minicabs**

Consideration must be given to the provision and management of Taxi access to the Property

### **3. Traffic Restraint**

The Plan must seek to reduce the volume and impact of vehicles generated by the Development

### **4. On-Street Parking Controls**

The plan should aim to contain the transport impacts of the site (including parking, loading and unloading) to within the curtilage of the site and reduce the impact of the site on surrounding on-street parking.

### **5. Parking and Travel**

A review of occupier's travel should have the principal aim of reducing non-essential single occupant driver trips to the site and increasing the proportion of trips undertaken by bicycle and on foot. With regards to car travel and car parking, this should include:

- a. a review and/ or development of criteria to reduce car allowances and include measures to limit the use of car parking and permits in and around the Property.
- b. a review of any on-site parking charges
- c. consideration and/or review of pool vehicles for work related trips including more environmentally friendly vehicles and alternative forms of transport for some trips.
- d. consider the use of partial homeworking/teleworking/teleconferencing where feasible and appropriate

### **6. Traffic Management**

An assessment must be made of the impacts of the proposed car park access changes on existing internal congested traffic flows and seek further enhancements to internal traffic flow to better manage congestion

### **7. Cycling**

The following cycle measures must be provided in sufficient quantity in line with annual travel surveys to be subsequently carried out:

- a. secure and well-lit workplace cycle parking

Consideration shall also be given to providing the following, especially in commercial developments:

- b. changing and showering facilities
- c. cycle allowance for work-related journeys
- d. cycle and equipment loans and insurance
- e. cycle repair facilities
- f. cycle pool for work-related journeys
- g. a Bicycle Users Group (BUG) to progress cyclists issues on site
- h. work with the Council to improve cycle routes to/from the Property

## **8. Facilities for Goods Movement and Servicing**

A Servicing Management Plan for the site must seek to:

- a. identify the number and type of servicing vehicles required for the Property;
- b. Limit the size of vehicle where a larger vehicle will create servicing conflicts;
- c. Manage the timing of deliveries to avoid conflict with other servicing vehicles, conflict with loading or parking restrictions in the area or conflict with heavy pedestrian or traffic flows
- d. encourage suppliers and delivery contractors to use alternatively-fuelled vehicles (such as electric and LPG vehicles and cycles) – organisations can apply to the Energy Saving Trust ([www.est.org.uk](http://www.est.org.uk)) for alternatively-fuelled vehicle grants

## **PART II: Review and Monitoring of the Travel Plan**

The Owner shall ensure that the Plan contains arrangements for the review and monitoring of the Travel Plan and that this is carried out on an ongoing basis and at least in years one, three and five following occupation and including a initial survey undertaken three months following the Occupation Date. These arrangements will deal with the matters set out below establishing firm timescales for the taking of each step, specific targets to be adopted for the measuring of the effectiveness of each measure and a reporting mechanism to the Council. It is acknowledged that it will be appropriate to amend the Travel Plan by agreement in the light of developing circumstances.

### **1. Review the Property's Transport Accessibility**

The first stage will be to review the Property's accessibility by all modes. An accessibility report will be produced and this will form the basis for the next stages.

2. **Consultation with occupiers**

This will involve meeting occupiers of the Property to promote the concept of a Travel Plan. The meetings will seek to identify a common set of objectives for encouraging walking, cycling and public transport usage combined with reducing reliance on the private car.

3. **User Consultation and Travel Surveys**

This stage will be based around consultation. It will be extremely important to secure the support of occupiers and users of the Development if the Plan is to succeed. This stage will include occupier and user travel surveys to examine the use of existing modes of travel, attitudes towards sustainable modes of transport and the most effective measures to promote sustainable transport for commuting journeys and business journeys. The Owner will consult with the Council at this stage.

4. **Implementation**

Stages 1 to 3 will provide the base information for the review of the Travel Plan.

5. **Monitor and Review**

The Travel Plan will secure an ongoing process of continuous improvement. Each version of the Travel Plan shall set out a mechanism of next steps to be tackled in line with results collated from the surveys and shall also set out a mechanism for reporting back to the Council on an annual basis on how effectively the Travel Plan is being in maximising the use of sustainable transport.

## THE THIRD SCHEDULE LOCAL PROCUREMENT CODE

### 1. INTRODUCTION

The use of local procurement agreements is a useful tool in helping the Council to improve economic prosperity and diversity in the local area which is a key aim of the Camden Community Strategy and the Local Development Framework (adopted July 2017). The sourcing of goods and services locally will also help to achieve a more sustainable pattern of land use and reduce the need to travel. The use of section 106 Agreements attached to the grant of planning permission will be used as a mechanism to secure appropriate levels of local procurement of goods and services.

A fuller explanation of the policy background and the justification for the use of local procurement agreements and when they will be required is contained within Camden Planning Guidance: Employment Sites and Business Premises (adopted March 2018) which can be viewed on the Council's web site. This document is in line with the objectives of other organizations such as the London Development Agency and Government Office for London.

The purpose of this code is to maximise the opportunities available to Local Businesses in Camden from larger property developments taking place in Camden both during and after the construction phase. The local procurement code describes how the Owner in partnership with Camden Labour Market & Economy Service will ensure that Local Businesses benefit directly from the opportunities arising from both the Construction Phase of the Development and the end use of the Property.

The requirements of the local procurement code apply to the Owner, main contractor and subcontractors appointed by them as well as tenants subsequently occupying the building. The code is designed to support Owners and contractors in fulfilling their commitments to the planning agreements by clarifying what is required from the outset. Although the wording is emphatic, Camden Labour Market & Economy Service seeks to work in partnership with contractors to assist them in meeting specifications and in finding suitable local companies. They will provide a regularly updated pre-screened directory of local companies in construction, fitting-out and furnishing trades in support of local procurement agreements.

## **2) MAIN REQUIREMENTS OF THE CODE**

### **A) CONSTRUCTION.**

We will request that the Owner meets with London Borough of Camden's Labour Market & Economy Service's Local Procurement Team ("the Local Procurement Team") at least 1 month in advance of tendering contracts to clarify how the local procurement code will work and the co-operation required from the Owner , main contractor and subcontractors.

The Council will seek to ensure that the Owner inserts the following clauses in the tender documentation issued to the main contractor:

#### **2.1 *Actions & Responsibilities of Main Contractor***

1. The main contractor will provide the Local Procurement Team with information on the estimated timing of their procurement programme and a schedule of works packages to be let ("the Procurement Schedule")and to provide updates of the Procurement Schedule as and when it is updated or revised.
2. The main contractor will work with the Local Procurement Team to: include local companies on their tender lists wherever possible and to aim to achieve the procurement of construction contracts and goods and services from companies and organisations based in Camden towards a target of 10% of the total value of the construction contract.
3. The main contractor is required to provide regular monitoring information to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of:

- all local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package or items concerned;
- the outcome of all works packages tendered, where there is a local company on the tender list, stating whether the local company was unsuccessful, successful or declined to tender and the contract value in the case of a contract being awarded to a local company.
- All local wholesalers and building materials suppliers which are asked to provide prices and the value of any purchases of materials and other wholesaler supplies procured.  
(The Local Procurement Team can provide a pro forma local procurement log to assist in the monitoring process)

- Full contact details of all subcontractors appointed (whether local or from elsewhere)
4. The main contractor should include a written statement in the tender documentation sent out to sub contractors informing them of their s106 requirement obligations as set out in section 2.2 below and ensure cooperation is agreed as a prerequisite to accepting sub contract tenders
  5. The main contractor should provide an opportunity for the Local Procurement Team to brief subcontractors on the requirements of the Local Procurement code.
  6. The main contractor will identify any actions that are required in order to overcome known barriers to Local Businesses to accessing their supply chain in respect of the Construction Phase.

## **2.2 Actions And Responsibilities of Sub-Contractors**

1. All sub-contractors appointed will be required to work with the Local Procurement Team and to aim to achieve the procurement of construction goods and services from companies and organisations based in Camden towards a target of 10% of the total value of their construction sub-contract. (A regularly updated sub-directory of local suppliers will be supplied to subcontractors by the Local Procurement Team).
2. All subcontractors are required to provide regular monitoring information either to the main contractor or directly to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of :
  - All local wholesalers and building materials suppliers which are asked to provide prices and the value of any subsequent purchases of materials and other wholesaler supplies procured.
  - All local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package concerned and the outcome of all sub-contracts tendered.

## **B. POST CONSTRUCTION: FITTING OUT BY TENANTS AND FACILITIES MANAGEMENT**

### **Fitting out by tenants**

Where the tenants of a development are responsible for fitting out the building(s), we will require the Owner s to inform them that they also fall under the provisions of this s106 on local procurement and provide guidance in writing to their tenants setting out the above clauses contained in section 2 above, which will apply to them as the Owner , their main contractor and subcontractors.

### **Facilities Management**

The Owner and their agents shall provide opportunities for local businesses to bid/tender for the provision of facilities management services and other post construction supply of goods and services.

The Council will assist the Owner, occupier and their contractors in identifying suitable local companies to bid for facilities management contracts and to source local goods and services.

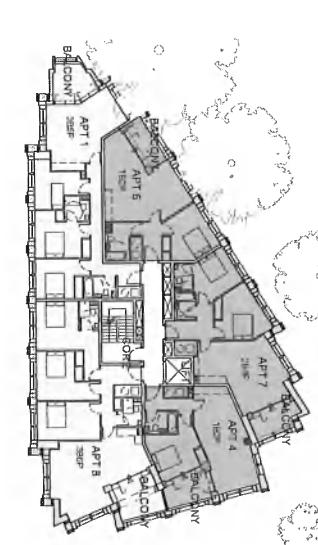

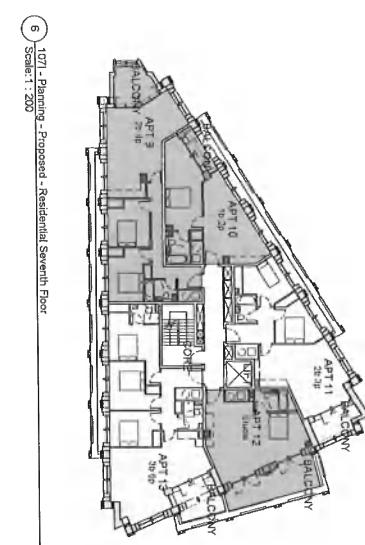

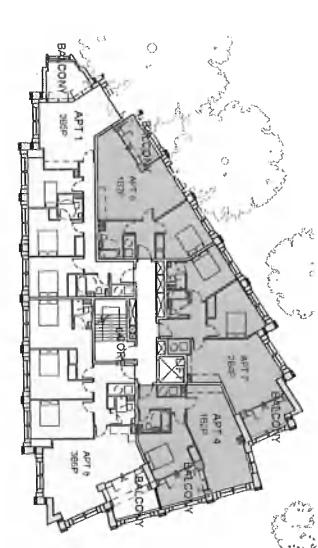

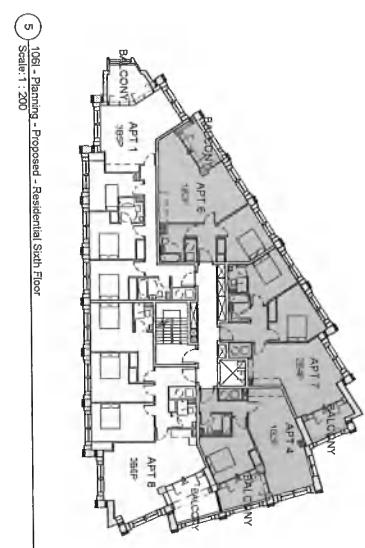

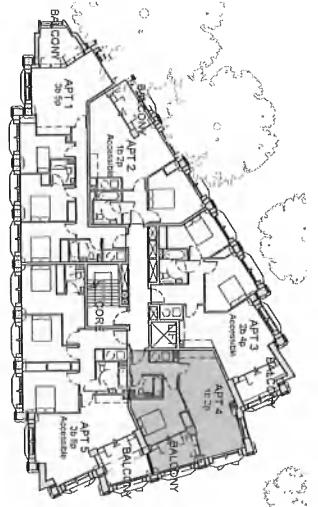

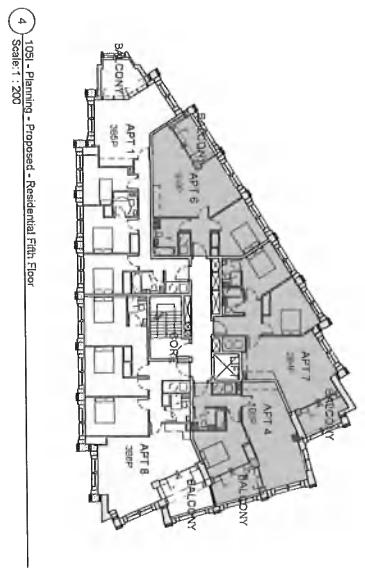

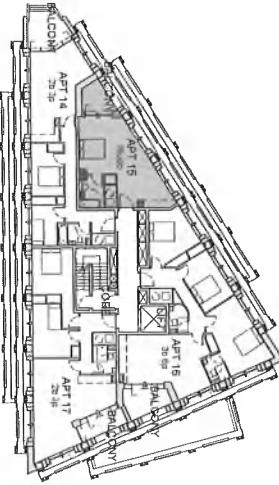

## THE FOURTH SCHEDULE

### The Burland Category of Damage

<b>Category of damage</b>	<b>Description of typical damage</b>	<b>Approximate crack width (mm)</b>	<b>Limiting tensile strain <math>\epsilon_{lim}</math> (per cent)</b>
0 Negligible	Hairline cracks of less than about 0.1 mm are classed as negligible	<0.1	0.0-0.05
1 Very slight	Fine cracks that can easily be treated during normal decoration. Perhaps isolated slight fracture in building. Cracks in external brickwork visible on inspection	<1	0.05-0.075
2 Slight	Cracks easily filled. Redecoration probably required. Several slight fractures showing inside of building. Cracks are visible externally and some repointing may be required externally to ensure weathertightness. Doors and windows may stick slightly.	<5	0.075-0.15
3 Moderate	The cracks require some opening up and can be patched by a mason. Recurrent cracks can be masked by suitable lining. Repointing of external brickwork and possibly a small amount of brickwork to be replaced. Doors and windows sticking. Service pipes may fracture. Weathertightness often impaired.	5-15 or a number of cracks > 3	0.15-0.3
4 Severe	Extensive repair work involving breaking-out and replacing sections of walls, especially over doors and windows. Windows and frames distorted, floor sloping noticeably. Walls leaning or bulging noticeably, some loss of bearing in beams. Service pipes disrupted.	15-25 but also depends on number of cracks	>0.3
5 Very severe	This requires a major repair involving partial or complete rebuilding. Beams lose bearings, walls lean badly and require shoring. Windows broken with distortion. Danger of instability.	Usually > 25 but depends on number of cracks
