Hi Charlotte

We are very concerned about the highly vulnerable street trees.  
The intensity of traffic and material moving on and off the site will place them in extreme danger of damage to tree and roots.  
Tree and root protection must be provided to the street trees.  
Thank-you for requesting this objection.

**Subject:** RE: 15 Wedderburn Road 2021/1131/P (Amendment)

Hi David,

Thank you for your email.

Please can you confirm whether the Heath and Hampstead Society still intends to submit an objection to the above non-material amendment application for changes to the tree protection plan of planning permission 2017/1006/P to accommodate the approved basement, as no comments have so far been received.

The Council's Tree and Landscape Officer has reviewed the proposals and has confirmed that he is happy with the proposed amendments to the tree protection plan. The method statement is currently being revised to include details of the proposed phasing of the tree protection measures to coincide with the relevant construction phases. If the Tree Officer is satisfied with the revised method statement, then the recommendation will be to grant the non-material amendment.

[REDACTED]

Kind regards,

Charlotte Meynell  
Senior Planning Officer

Hi Charlotte

We realise that you do not need to consult on the above – but we object most strongly and are composing an Objection.

We would be obliged if you could make your decision after you have received our comments on Mon. 28<sup>th</sup> June.
