Dear Jack,

Thanks for your email, and don't worry about the confusion.

Can you confirm whether details were ever provided to discharge condition 4 (details of qualified engineer to oversee works) of planning permission 2016/1489/P, dated 08/05/2017, as this was a pre-commencement condition?

I look forward to hearing from you.

Kind regards

Dear Kate,

Sorry for the confusion about the application for the release of conditions.

I can confirm that the works started on site in July 2019 and received Building Control approval on the 4/06/2021.

The planting has not been done yet awaiting approval of the condition.

Also pending is the installation of the motorized black out blind for the skylight.

Kind regards,

Jack Schneider

Good Afternoon,

Re: 2021/3230/NEW – 7 Greville Place - Details of motorized louvres system within front skylight, required by condition 6; and details of hard and soft landscaping, required by condition 7, of planning permission 2016/1489/P, dated 08/05/2017 (for: excavation of basement, including front lightwell)

Thank you for submitting the above application on 02/07/2021. The application seems to be a duplicate of application reference 2021/1792/NEW, submitted on 08/04/2021. I sent you an email on 18/05/2021 regarding that application (see attached). Please could you respond to my email as soon as possible so I understand the situation properly before validating the application.

I look forward to hearing from you.

Kind regards
