2021/3580/P	Councillor Julian Fulbrook	04/08/2021 09:47:27	COMM	I am fully in support of this scheme to bring much needed additional housing to the area. It is a real pity that the original scheme at Tybald's, which was award winning, could not have been implemented, due to financial calibrations. But this scheme has been a long time coming in any shape or form, and I accept that this is the best result that can be achieved in current conditions.
