Ref. 20221/1925/P - 2 Rona Road

To Camden Planning,

I strongly object to this application.

The erection of a far higher wall and additional storeys will throw a permanent shadow and markedly reduce the amount of natural light in both my flat and the (shared) garden, so the extension is completely antisocial and unhealthy.

My co flat dwellers would like to know if the existing elevation boundary wall is actually a shared boundary wall?

I am also aware that the application omits inclusion of an existing Tree - which surely breaches the conservation rulings covering this area which Camden prides itself.

The fact that if this planning application is allowed we will be totally engulfed and have no privacy as well as a huge lack of light!
