The internal alterations are:

•remedial works to reconstruct the vaults at lower ground floor level following expert advice from a structural engineer;
•alterations at ground floor level to modify the staircase from the basement to improve fire safety and relocate the kitchen to rear of building to allow for essential theatre foyer space and wider fire route;
•changes to the layout of first floor flat to include a new escape lobby to modern standard of fire safety, use of the consented rear extension for kitchen and dining, simplified staircase to ground floor;
