

This architectural section drawing illustrates a building's internal structure. The lower portion features a vaulted roof supported by a series of vertical columns. Above this, a staircase with multiple steps leads to an upper level. The upper level is enclosed by a wall with a series of vertical elements, possibly windows or doors, each topped with a decorative finial. A diagonal line, likely representing a roof slope or a structural member, crosses the upper section. On the right side, a vertical shaft or column is shown with a series of horizontal bands or rings. The drawing is a technical line drawing, using black lines on a white background to define the building's form and structure.

This drawing is © Barbara Weiss Architects Ltd.

1. Do not scale from drawing.
2. All dimensions in millimeters unless noted otherwise.
3. No deviation may be made from the details shown on this drawing without the prior permission of the Architect.
4. Any discrepancy between this and any other documents shall be referred immediately to the Architect.

IF IN DOUBT ASK

4. All dimensions to be verified on site.
5. Unless otherwise stated all levels to be AOD.
