

OBJECTION

From: Eileen Kerr  
4 Heath Villas  
Vale of Health  
NW3 1AW

As the rear elevations of 1 to 6 Heath Villas are south-east facing, the proposed new lower ground floor extension will cause a noticeable loss of light in the rear lower ground floor room of my property adjoining No 5 Heath Villas.

It is unclear from the drawing of the proposed front elevation whether the existing pillar at the bottom left of the front steps is being removed. It also appears that the low wall and railing running from that pillar to the top of the steps leading down into the front area are to be removed. Both these alterations are out of keeping with the rest of the properties in the terrace, which is in a Conservation area.

In addition, I endorse the comments made by The Heath and Hampstead Society in the Society's Objection to this planning application.

Please refuse this application.
