2021/3504/P	Aaron Yeung	23/08/2021 07:34:22	OBJ	<p>This will cause considerable disruption to our building as experienced previously when they constructed initially. This is even more difficult given many are still working from home.</p> <p>The additional floor will intrude on the privacy of the roof terrace of our property as well as the balconies. Not to mention the fallout of dirt and dust which will inevitably cover our property as it did before.</p> <p>Previously they removed sound blocking trees from behind and they have no care of the surrounding area or residents.</p> <p>Our property will therefore take a huge hit in value as privacy will be considerably reduced.</p> <p>On a busy road, the additional flats will inevitably bring with it more cars parking on the road. This property already has a huge number of vehicles attached to it, regardless of the 'car free' tag in Camden.</p> <p>The building already seems to have a host of parties. More flats would increase this. The sounds reverberates up our property and into our flats. With no sound blocking in place due to trees etc.. being removed and not replaced.</p>

2021/3504/P	Emma Gubb	22/08/2021 21:04:41	COMMNT	<p>I would like to put forward an objection to this planning application due to the concern I have over the privacy for the residents of 61 Maygrove Road. This single storey extension would overlook not only the residents of Brassey Road near the Peace Park but also right on to the communal roof terrace of 61 Maygrove and the owners of flat 11 and of flat 14. All privacy would be lost on what is the only private area for outdoor space for the majority of residents in the building who do not have access to balconies.</p> <p>The noise disruption when building is also going to cause incredible inconvenience to everyone still having to work at home due to the pandemic and for the many young families living in all residential buildings around. I strongly urge the planning teams to dismiss this proposal on the grounds of privacy and noise disruption.</p> <p>Many thanks.</p> <p>Emma Gubb Resident at 61 Maygrove Road</p>
