2020/5913/P	Dorian Raimond	23/08/2021 09:49:07	OBJ	<p>The site is unsuitable, the traffic routes are already overloaded and congested and go right past two schools. The borough has recently restricted further the access to the area (Queens Crescent and nearby streets); Opening a depot just there goes against the spirit of the recent measures of traffic restriction. There are available spaces for a depot in the Regis Road industrial estate, which gives easy main road access to places north, south and east.</p>
2020/5913/P	Jeremy Bradshaw	23/08/2021 14:36:09	OBJ	<p>Hello, I'm following up on my original objection to this proposal. I do not believe that the amendments tabled meet my original concerns, especially those of increased, dangerous and polluting traffic on Holmes and Grafton Roads. The appropriate place for this sort of business is on Regis Road. It's an industrial estate. I continue to oppose the Planning Permission. Thank you.</p>
2020/5913/P	Hilary Barnes	23/08/2021 13:51:33	OBJ	<p>I will keep this brief. All the objections raised by local residents and local schools remain the same and do not need to be repeated. These small streets are completely unsuitable for this application; the proposed usage is dangerous and presents a serious health and safety hazard. Tinkering with the wording in an appeal is insulting and transparent.</p>
