2021/3990/T	Linda Chung	23/08/2021 10:24:18	OBJ	<p>The Arts Centre seems to want to decimate its open garden sites by the wide-scale felling of its trees. The reasons given need to be investigated - Camden tree conservation already has considerable evidence that it is not necessarily trees that cause structural problems.</p> <p>This proposed large scale removal of trees on a open garden site that is on Finchley Rd, which badly need the help of trees, not only for the pleasure they provide, but for their anti-pollutant aspects, is not acceptable.</p>
