What was the date (approximately) of the erection of the part to be removed?

Month	4
Year	1982

(Date must be pre-application submission)

Please provide a brief description of the building or part of the building you are proposing to demolish

Lean to roof light presumed to be constructed in 1982 (date of permission granted) along with cabin giving access to the roof by way of a ladder from third floor landing, presumed to be constructed at the same time.

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

The historic fabric of the roof was lost when the current roof light was installed in 1982. The provision of a openable roof light in place of the existing roof light and staircase enclosure would not result in any significant loss of historic fabric as the roof structure appears to be entirely modern.
