2021/3979/T	Gill Budd	24/08/2021 16:46:32	COMMNT	I strongly object to the proposed removal of these trees. They can be pollarded if necessary but they should not be removed. Camden's air health depends on the tree cover in the areqa and these are next to two busy roads generating pollution. At a time of climate crisis all Camden trees should be preserved.
