Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
52 Compayne Gardens
London
NW6 3RY

Proposal:
Replacement of etched glazing (side-lights and fanlight to front door) with leaded glass panels.

Drawing Nos: Site Location Plan 20024 001 C2; and 20024 002 PL1.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site Location Plan 20024 001 C2; and 20024 002 PL1.

Reason: for the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 Reasons for granting permission.

The application relates to a three-storey dwellinghouse on the northern side of Compayne Gardens. This property is located in the South Hampstead Conservation Area and is identified in the Conservation Area Appraisal as a positive contributor.

Planning permission is sought for works to the front entrance, in particular the replacement of the glazing in the side-lights and fanlight of the front door. The glazing panel are currently etched glass and are to be replaced with leaded glass panels.

Leaded glass is a traditional material, widely used in this Conservation Area and its use in the side and fan lights would be in keeping with the period and style of the building. As it would replace modern etched glass, the proposal is considered to enhance the character and appearance of the property and the Conservation Area.

No new built form is proposed so the proposal would not result in any loss of sunlight, daylight, outlook or privacy to neighbouring properties.

Special attention has been paid to the desirability of preserving or enhancing the character and appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

A site notice was displayed, a press notice was published and the Conservation Area Advisory Committee was consulted by letter. No consultation responses were received prior to the determination of this application.

The planning history of the site and neighbours has been taken into account

when coming to this decision.

In conclusion, the proposed development is in general accordance with policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and National Planning Policy Framework 2021.

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
