**Subject:** 156 West End Lane, West Hampstead, London, NW6 1SD - DS6086622 - Capacity Approval

Good afternoon Nathan and Chris,

Many thanks for both of your time on our calls this afternoon.

I can confirm that our capacity has been approved for the connections at 156 West End Lane, West Hampstead, London, NW6 1SD after speaking with relevant departments. I have discussed if this can be **discharged for planning** and confirmed it can.

The average flowrates through each pipe below as requested:

- 90mm = 20.2 litres per second
- 32mm = 1.15 litres per second

Our **minimum** guarantee is 1 bar pressure, 9 litres per minute and 10m head.

I hope the above information helps you, if you do have any further queries with this, please do not hesitate to contact me.

Kind regards,

**Aaron Plank**
