2021/3055/P	Irene Quine	28/08/2021 12:28:00	OBJ	<p>I write with reference to the planning application 2021/3055/P to build a joint roof extension to no. 22 & no. 23 Maryon Mews with front and rear balcony, and roof panels.</p> <p>The extension on the roof of number 22, with a similar one on number 23, is out of proportion with the rest of the terrace, and is out of character with the original design by the renowned architect Ted Levy.</p> <p>The plan will adversely affect the view of the Mews from numerous different angles, nobody wants to see that towering above them when they enter the mews.</p> <p>Living at 18c Maryon Mews, I have leased the land directly behind 22 and 23 and do not think it acceptable to have balconies that can have people hanging out, peering down and disturbing the use of my garden.</p> <p>The extension is out of scale with the rest of the site and spoils the balance carefully planned by Levy. There is no respect for the local context and character.</p>
