Dear Sir or madam

Re planning application 2021/3055/P and 2022/3002/P

I write as freeholder [REDACTED] in connection with the planning application 22/23 Maryon Mews.

I support existing objections and my own specific ones are.

The proposed development was without consultation with the resident association or other householders .

The plan is against the original design aspect of the mews .

The necessary permission has not been sought from the freeholder of the town houses and contravenes Maryon Mews covenants not to alter external appearance of the town houses.

Does not take into account loading factors relating to the garage spaces below especially as it sets a precedent for adjacent houses to also apply for similar permissions in the "terrace".
