2020/5913/P	chrystal	01/09/2021 12:16:55	COMMNT	<p>The street already has a high-volume of traffic due to the Camden Vehicle Depot and the Kentish Town Police Station, and any additional traffic is dangerous and unwelcome.</p> <p>The depo will be built in the midst of 3 primary schools. Having a depo there will mean increased traffic, and large vehicles driving into the area. This means increased pollution, which will adversely impact the health of the children and residents in the area.</p> <p>Increase traffic is also dangerous, as the road are narrow and extremely busy during school drop-off and pick-up hours. There are also lots of cyclist as this is a residential area.</p>
2020/5913/P	Bah Lassariou	01/09/2021 18:57:08	OBJ	<p>I'd like to object to this planning application. It will increase the traffic significantly which is not safe for the children in the schools close to this site.</p>
