2021/3735/P	Ian Slesinger	01/09/2021 11:55:29	SUPC	<p>I am the neighbour of No. 39 Fairfax Place at No. 41 Fairfax Place. I have no objection to the proposed development as long as the owner builds exactly to the dimensions for the conservatory specified in their application, and does not include any gutters overhanging the boundary (as proposed). It is also important that the owner that uses the clear glass roof above the height of the brickwork of the existing extension (as proposed in their plans) as we are concerned about light being blocked to our garden, which already suffers from reduced light due to an earlier loft conversion at No. 39 by previous owners. We would also ask that a condition be attached to use bricks that match as closely as possible to the existing older brickwork as we are concerned about the aesthetics and character of the boundary between our garden and the neighbouring property being adversely affected.</p>
