Hi, I've been trying to comment on the above application but I'm getting 'page not available' or 'too many redirects.' Not sure if it's to do with the new Beta system you're trialing?

If you could please confirm receipt of this email.

My comment is as follows - if you could please add it to any objections.

My children's bedroom overlooks the FAC45 gym. In a morning they are woken up by the incessant dance music being played by the gym, the trainers opening up and the members congregating outside the gym (about 10m away). When the weather is warm they leave the main door open and it's even louder - I can hear it from my bedroom at the front of the house.

The application states they haven't had any complaints in the 25 weeks they've been open - I've been round there twice to complain as have my neighbours on both sides.

As ever this application is taking place when most of the street is away on holiday and won't have seen the notice. Please do not grant this application on the grounds of noise and inability to stick to current planning terms.
