Bartholomew estate and kentish Town CAAC have reviewed this application . We consider the application for the garden building must be reviewed as the garden is an important recreational space , especionally considering the nature of the proposed change of use , and loss of green space is not acceptable also we believe it contravienes the councils own policy of not building over gardens .

Please note it is very difficult to access your planning applications on the web site as this often comes up as not available and it has taken some time and effort to access this and many other applications the CAAC is required to comment on.
