To have a creative space for our next generation of learners and creative minds is important right now given the recent limited access to live performance for our children.

2021/3607/P	Lynne Acred	02/09/2021 09:38:51	SUPPRT	I am writing in full support of the long anticipated opening of this wonderful venture which will serve not only the local community, but the many children who live in the borough, and of course the many schools who would benefit from it. <p>My children who eagerly peer in the windows when we pass and ask when they will be able to visit the theatre .</p> <p>This sort of creative project is much needed in Camden as so many services have been abandoned in recent years. Our children and grandchildren are the future and it is with great admiration that I support projects like this that will bring a little magic into their lives.</p>
