

Attn: Kristina Smith

I am writing to object to the above planning application. The application relates to the provision of additional details re the facing materials to be used in the building of two new houses, as per the conditions set by the appeals inspector who overturned the Council's original decision on this development. However, the application documentation is entirely absent online. As such, it is not possible for consultees to form a view on the appropriateness of the proposed details. In the absence of a meaningful public consultation, the application should be rejected.

Kind regards

Steven Fisher
