

1 VSC for Second Floor Window 'F'

Second Floor window to family room

VSC CALCULATION

Existing: 26.5%
Proposed: 22.5%

Difference: 4.0%
As percentage of original: 84.9%

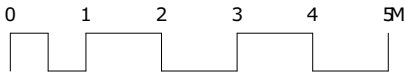

Since the new development is not less than 27% VSC and less than 80% of the original, the reduction in the amount of skylight will not be noticeable, as per the BRE209 Guidelines

2 Existing Courtyard Space
Proposed ghosted on

Second Floor window to family room

Proposed VSC
Existing VSC
