Dear Enya,

I strongly object to the proposed development at Erskine Mews. As a long term resident of Regents Park Road I am in favour of developments that add much needed family space and are in keeping with the local area. In this case the development seems not to offer much space considering the disproportionate disruption and resultant over bearing that will be created in the mews area.

The scale of the development will clearly impact on the neighbours' privacy and a sense of overcrowding and frankly the proposed zinc materials are not at all in keeping.

Many thanks
