2020/5913/P	laurence ladecky	09/09/2021 09:31:07	COMMNT	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>

2020/5913/P	valerie baudin	09/09/2021 22:18:20	COMMNT	<p>Dear Sir/Madam,</p> <p>I am a member of staff of CFBL. Although I do not live locally, I use the overground and the tube to come to school. The addition of any traffic to already congested small residential roads, such as Holmes Road and Grafton Road, is a non sense which will put children and users at risk.</p> <p>In its revised consultation, the applicant is proposing to route all its vans and heavy vehicles through Holmes Road and Grafton Road. This does in fact aggravate the already disastrous impact which would have resulted from the first consultation.</p> <p>I am dismayed that the applicant qualifies as 'negligible' the addition of 18 heavy vehicles and vans per day. CFBL is located at a cross road, where many pupils, parents, staff and community members will be at risk of an accident due to the quantity of traffic, the lack of visibility when crossing, the narrow pavements, the speed of vehicles ...</p> <p>This will increase air and noise pollution, in breach of the Mayor of London's commitment to reduce air pollution and healthy streets schemes promoted in Camden.</p> <p>I therefore oppose the revised consultation.</p> <p>Last but not least, I would like to point out that I find it a disgraceful tactic to file a revised consultation early August, during the school holiday, leaving very little time to react for anyone wishing to oppose.</p> <p>Kind regards.</p>
2020/5913/P	Laetitia Florescu-Sperti	09/09/2021 13:39:19	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Kim Rossos	09/09/2021 14:12:45	OBJ	<p>As a parent with a child at CFBL I totally oppose this planning project. It would create a significant risk to the students at the school which has many young children!! We do not think the risk can be mitigated by the applicant. The proposed change is not acceptable. Other industrial sites would be appropriate.</p> <p>Sincerely, Kim</p>
2020/5913/P	Baptiste Carlier	10/09/2021 09:05:26	COMMNT	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity.
