2021/3607/P	Julien Rossi	16/09/2021 23:17:28	SUPPRT	It is a great pleasure to see a restoration finally happening for our beloved pottery building. My wife is very excited about the new business opening there. I am very happy with the restoration plans which look like the people behind them have a real understanding of the neighborhood vibe. Well done!
2021/3607/P	WK Chong	16/09/2021 13:25:22	SUPPRT	As a resident of Hampstead since the early 1970s, I would like to support this application. It will be a refreshing complement to the diverse interests in our Village.
2021/3607/P	Kathia Marques	16/09/2021 23:13:57	SUPPRT	Having lived in this area for over 7 years now, I have to say that it is a pleasure to see this wonderful building which was getting worse every year being restored. It is even better to see it being taken over for such a fascinating activity. I am very happy that this part of Hampstead's history is being restored in a respectful manner. It will still look like Hampstead, just a better version of it. I appreciate that it will offer a service that does not exist in the neighbourhood. The addition of wheelchair friendly facilities is very well appreciated as it is sometimes difficult in old neighbourhoods like Hampstead. Wished all restorations followed this example!
2021/3607/P	Jasmina Dragisic	16/09/2021 11:15:39	SUPPRT	<p>Dear Madam</p> <p>It is my great pleasure to write a letter in support of the proposed plans to convert an existing building into a theatre, bookshop and a cafe. We, as a family, have been living in Hampstead for quite some time, our children go to local schools and I can confirm, on behalf of the whole community, that we are all truly excited about the project and we look forward to a hub where we can gather, socialise, explore, play and get inspired! Well Walk theatre is already becoming well known, and it will be a well loved neighbourhood spot!</p> <p>From an architectural perspective, I am also happy to see that the building will be sympathetically restored and refurbished, the extension is blending in beautifully with the surroundings, it's contemporary, but it is respecting the architectural heritage. The project will only enhance existing qualities and charm of the house, improving the overall image of the square.</p> <p>We all just hope that this long-awaited and highly anticipated opening is happening soon!</p>
