Informative(s):

- 1 Reason for granting listed building consent:

The principal consideration material to the determination of this application is the impact of the proposal on the Grade II listed host building and any features of special architectural or historic interest.

All proposed internal alterations are considered to be minor and appropriate in terms of their design, location, scale, colour and materials. The alterations would be reversible in nature and would not involve any intervention into the historic fabric of the building. Furthermore, the proposals would not obscure any architectural features or visually harm the internal appearance of the listed building. As such, the proposals would preserve the special architectural and historic interest of the Grade II listed building, and are acceptable.

The site's planning and appeal history has been taken into account when coming to this decision. No objections have been received in relation to the proposals.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017, the London Plan 2021, and the National Planning Policy Framework 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and

emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 4 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

- 5 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)
