Dear Sirs

I am writing to object to this planning application for ERUV street furniture.

I feel very strongly that NO one should be able to erect posts on the streets of our borough that do not apply to all the citizens.

Our streets are for everyone of all faiths, ethnic groups and beliefs or lack of beliefs.

I am appalled that such a narrow sectarian group may be allowed to plant posts over a large area of North London. Our streets are already full of physical and visual clutter which at least have some purpose, normally safety, for everyone.

On a minor note has the safety of thin high level wires for the bird population been considered.

I hope the council will reject this application in the interests of all its people.

Thank you for considering this objection
