Dear Sir/Madam,

Re: Application -2021/3498?P12 Willes Road

I would like to object to the proposed second floor extension with a balcony at 12 Willes Road. I live in one of the houses that back on to this property, a few years ago an extension was built to the rear of this property that made my house substantially overlooked and took away light and significantly reduced my privacy. This newly proposed extension will reduce my privacy still further and take away even more light. I am very concerned.

Yours sincerely,

Mrs Rosina Withington
