Afternoon Matthew,

The logos / text would be the only items to be illuminated, its not cost effective or eco friendly to illuminate the blank parts of the fascia's.

Hope that clarifies.

Kind regards

Dear Katie,

My colleague is looking at the decision today and is broadly happy with the proposal, but has a query about the illumination.

I note on the drawings it states "all acrylic being backlit with LED trays." (Page 2 of 3: 142270 – Planning – B)

Please can you confirm if the entire fascia would be illuminated, or is it just to illuminate the logos/text? Thank you.

Kind regards,
Matthew

Dear Katie,

RE: Boots Tottenham Court Rd (Ref: 2021/1753/A)

Further to my previous e-mail, please may I request an extension of time for this application until 14/10/2021? I am actually expecting it to be finalised this week, but just in case, may I ask until next week?

It does not affect my recommendation or the final decision, however I would be grateful if you could confirm by reply?

Should you have any queries, please let me know? Thank you.

Kind regards,

Matthew

Are you able to confirm the current status of our application (Ref: 2021/1753/A) please. Our client is chasing an outcome or a decision date. I do appreciate that there is a back log with application.

If you could respond with a matter of urgency that would be greatly appreciated.
