The proposed signage is considered to be acceptable given the size, design, materials, location, methods of illumination and luminance levels. It is noted that the signs would not be illuminated. The signs would therefore preserve the street scene and wider character of the area and are acceptable.

The signs would not be harmful to either pedestrians or vehicular safety in accordance with guidance given their size and positioning.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received.

As such, the proposal is in general accordance with policy D4 of the Camden Local Plan 2017, the London Plan 2021 and the National Planning Policy Framework 2021

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
