Subject: 2021/3494/P, Netley Cottage and Grove Lodge

Dear Miss Constantinescu,

I refer to the above application.

We live at 2 Upper terrace and wanted to register our strong objections to the development for a number of reasons:

First, we do not believe that there is any public benefit to this proposal. Indeed, the opposite since it removes an additional free standing dwelling;

Secondly, the owner has made no attempt to consult with any of us as to this proposal;

Thirdly, the owner has already filed an application -rejected- to construct a pool house in the grounds of Netley Cottage. We strongly believe that this latest application is in effect a back door to attempt to do just that.

I would be most grateful if you could take this objection into consideration.

Yours sincerely

Henry and Rosalind Raine
