Dear Sir/Madam

## **DECISION**

Planning (Listed Building and Conservation Areas) Act 1990

### **Listed Building Consent Granted**

Address:

**14 Provost Road  
London  
NW3 4ST**

Proposal:

Rebuild area of slate covered pitched roof. To be built using new rafters, breather membrane and battens. Existing slates will be re-used. To reinstate area of lath and lime plaster to raised ground floor front and rear room walls.

Drawing Nos: Heritage, design & access statement, 102LBC rev A (propo plans), 104LBC (propo roof plan), location plan

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Heritage, design & access statement, 102LBC rev A (propo plans), 104LBC (propo roof plan), location plan

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-II-listed semi-detached house of 1844 by John Shaw making a positive contribution to the Eton Conservation Area.

Pursuant to works already under way for another consented scheme (2020/3405/P), the applicant wishes to reconstruct the roof structure using the original slates. He also intends to replaster walls and ceilings of the principal rooms on the upper-ground floor in three-coat lime using lath and plaster.

The proposed works will not harm the special interest of the listed building.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. However, a number of objections to a different scheme have been erroneously filed under this one. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
