Subject: Tree reduction Notice - Belsize Park CA

Good Afternoon,

I am writing on behalf of my client, Mr & Mrs Bell, to give notice that a tree in their garden is to be pruned.

The address is 7 Strathray Gardens NW3 4PA. The property is sited within the Belsize Park Conservation Area.

The tree is in the rear garden, not visible from the public pathway, and a variety of Paulownia (possibly tormentosa).

I do not believe that the tree is subject to a Tree Preservation Order but I should be grateful if a member of your tree preservation team would confirm.

Please accept this email as the six week notice. I understand from the Council's website that if I do not receive a response within six weeks, there is no objection to pruning of the tree.

<https://www.camden.gov.uk/trees-planning-permission>

Please see below photograph of said tree. To the rear of the garden and on the left of the image:

Kind Regards,

Emily Doyle
