Re: Six week notification to fell a fruit tree in a conservation area

I am writing to give formal six week notification to the Council (as per the regulation requirements) of the intention to fell a fruit tree at the rear of 70 Mansfield Road, London NW3 2HU.

The tree intended to be felled is identified in the attached.

I understand that if the Council does not respond to this email within 6 weeks then the tree can be felled by virtue of deemed consent.

Please confirm the Council's position.

Best regards

Joe
