Dear Adam Greenhalgh,

I am writing to you with reference to the application of the Highgate and Muswell Hill Eruv Committee, application number 2021/3105/P.

I understand you're considering planning permissions for the creation of an Eruv.

I wanted to highlight that this will be hugely beneficial to me and my family and a vital part of communal life.

The Eruv will allow fuller use of the existing social, religious and community facilities provided by the local synagogue and other activities by all members of the community, without exception, in accordance with traditional Jewish law and thereby encouraging expansion of the range of these community activities.

The Eruv will facilitate access for Sabbath observant visitors to local hospitals and care homes, such as the Royal Free Hospital and will allow them to bring necessary supplies and visit with their young children and families, on Friday evenings and Saturdays.

Other established Eruvs, in Camden, Westminster, NW London, Woodside Park, Barnet, Edgware, Stanmore, Pinner, to name just a few, have already allowed higher levels of participation for young families including children in buggies and both their parents, as well as wheelchair users, in community activities - be they social, leisure or religious.

I very much hope that the planning permission will be granted in light of these comments.

Kind regards

Daniel Levy
