Subject: Tree felling proposal- ref 2021/3975/T

To whom it may concern;

I am a resident at 122 Haverstock Hill, NW3 2AY and received a letter this morning explaining the proposed planned to “fell to ground level” our 4 trees of heaven out the front of our property.

I am horrified at the very idea of these plans! This large beautiful trees are an asset to our properties, they shield us from the busy road and the pollution it brings. As well as giving us privacy from the neighbours over the road. It also shelters us from the sun during the summer.

We are in a climate crisis and the last thing we should be doing is cutting down trees!

I have spoken to a number of other neighbours who are equally outraged and will be contacting you.

I hope you will reconsider this proposal.

Kind regards

Emily Warren
