Details of the pre-application advice received

- The rear infill extension and front dormer would be acceptable in principle, subject to further details being provided in the event of a future planning application, such as clarifying the fenestration to the closet wing, and materials to the front dormer.
- The extension to closet wing as currently proposed is unacceptable in design and amenity terms. It should be reduced in height to match the one at no. 41, to maintain a uniform appearance, as well as to reduce any impact in terms of loss of light to no. 45.

With respect to the Authority, is the applicant and/or agent one of the following:

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
