

ATTIC ROOM

HALLWAY

MASTER BEDROOM

This architectural floor plan shows a section of a building. On the left is a large rectangular area labeled 'ATTIC ROOM'. To its right is a 'HALLWAY' which contains two doorways. The first doorway, at the top, leads into the 'ATTIC ROOM'. The second doorway, at the bottom, leads into a 'MASTER BEDROOM'. The 'MASTER BEDROOM' is a large rectangular space on the right side of the plan. A diagonal line, possibly representing a roof slope or a partition, runs from the top right towards the center of the master bedroom. The drawing is a simple line plan with no shading or furniture details.
