"Not all the existing joinery is of equal heritage value; the replacement of the 20th century joinery onto the courtyard (for example), if appropriately done, may well prove beneficial. However the loss of original window casements and cylinder glass on any historic property within Camden (not just this property) is not supported. That said Camden has declared a climate crisis and the non-destructive enhancement of the historic building stock throughout the borough is generally supported."

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
