I have lived opposite 5 Belsize Park Mews for the last 15 years. The property has been in disrepair for a long time and has become an eye sore in what could be a beautiful mews.

Having taken the time to review the planning application, I'm in full support. I believe the architectural design and front fenestration alterations will improve the property and the aesthetics of the mews/surrounding area. The erection of a single storey roof extension has been cleverly designed and is not intrusive of neighbouring properties. I have no objections to this planned extension.
